WESTWOOD  
LABORATORY LTD

## Dental Labs

At Westwood Laboratory we have invested a great deal in the latest products, equipment and services that we offer our clients. Not only do we invest in these but we invest in our staff as well, training them to the highest levels, ensuring that you receive a high end quality product and service every time you order from us.

We care about quality of service, we care about our British made products which are all manufactured at our Head Office.

With our experience and expertise spanning generations we are sure that you will be impressed with any products or services you order from us.
